CUSTOM CLUB BUILDING

Built to your individual needs...

Not only are we specialists in Custom Fit Golf Clubs but we also specialise in Custom Built Golf Clubs. Within our workshop, GCA Master Club Builder, Gary Pickering, specialises in building custom built golf clubs.

Gary can build your set to exactly how you want them, whether its 3-PW or simply 6-PW, he has all of the relevant custom fitting and club building knowledge to build your set of clubs tailored to your individual characteristics.

Gary specialises in the following custom brands...

Miura Golf - www.miuragolf.com

Miura golf clubs are regarded in the golf industry as the ultimate golf clubs, providing unparalleled feel and playability throughout each set. The main benefit of Miura golf irons is the feel. When only the best will do. Clubs built from £150.00

Alpha Golf - www.alphagolfclubs.com

Alpha are best known for making Long Drive competition drivers, having won many Remax championships. They also make excellent irons, wedges, fairways and putters. Extremely high quality at affordable prices. Custom built from only £40.00

Tom Wishon Golf - www.wishongolf.com

Tom Wishon Golf Technology, leaders in custom club making components, pushing the boundaries to bring you better performing clubs. If you want better results, or more help from your clubs then try Wishon. Custom built from only £60.00.

Why get custom club fitted?

If your prepared to spend money on a new club(s), it's worth getting properly fitted. Everyone's swing and physique is different so it makes sense to select the most appropriate combination of club components to get the best possible performance from your new golf club(s)

When we talk about club fitting we are referring to the combination of different club components - grip (thickness), shaft (length, flex, kick-point & swing weight) and club head (size, design characteristics, loft and lie) and the way these work together with your individual swing.

At Clays we have all of the very latest golf club fitting technology...

Our two fitting studios are equipped with the latest launch monitor technology from KUDU flightscope.

To book your custom club fitting session with Gary, call us on 01978 661406 or for more information visit us at www.claysgolf.co.uk

We hope to see you soon for your fitting...
